

Rotary Club of PETERHEAD

NEWS AND PICTURES FOR MAY 2015

THIS ISSUE!

So, now that my computer is functioning properly, no excuse but to produce a newsletter to a near normal situation.

The time is approaching that I will no longer be secretary, but yes, I've enjoyed it, so I guess it's back to the drawing board and join the weekly speakers all scraping for subjects! No, no; for five years I have accumulated lots of subjects, you say? You may think that, but in reality? Think again! It's just going to be repeats, as you will have forgotten of the last time I did so!

As Dave has already been in the situation of secretary, he will be well practised!

ROBERT PATON

1953–2015

Our President Elect, Robert, died suddenly last week after a brief battle with cancer. Having recently retired from being a fishery officer, he was preparing to be our Club President for the second time, previously occupying the position in 2001/2002.

Originally, a founder member of Ullapool from 14th May 1995, before moving briefly to Lerwick Rotary Club in the Shetland Isles, since then, he became a member of Peterhead Rotary Club.

We express our sympathy to Barbara and his family, whilst we remember him in the body of the Club as one of our most loyal Rotarians.

SNIPPETS!

Our bowling match against Fraserburgh was cancelled last week and this will now be re-arranged in the autumn, as bowling has ventured into the outdoors,

The annual tea party for the elderly at the S.A. hall is on line for Saturday. 30th May. Please remember that your assistance may be required if you have a car, so, enter date in diary!

We have 2 candidates for RYLA again: one of our worthy projects as always.

Our barbequeing at the Harbour Open Day will not be required this year, but we may have a table to support Rotary at the function.

President Liz is to continue in the President's chair until the 1st January 2016, after which, Askir will take over Presidency of the Club until 1st July 2017, thereby solving the passing of Robert.

WHO SET PETERHEAD ON FIRE! IT'S OK, ONLY ARTHUR RUNNING UP AND DOWN THE STAIRS!
